

# SOUTH ASIAN STUDENT ASSOCIATION IN LUND

– in collaboration with SASNET/Lund University

## Fika without borders: AFGHANISTAN

Informal SASA event with a presentation by **Anders Fänge**, foremost Swedish expert on Afghanistan. He talks about "Afghanistan's Classical Problem – A Functioning State", on how the country has been affected by unrest and war during long periods since the founding of the nation in 1747. It remains so even today, with the Taliban insurgency growing stronger, the government having obvious difficulties in getting its act together, neighbouring states are interfering, and international military and development assistance are waning.

In addition, coffee, tea and South Asian snacks will be served!

### Thursday 26 November 2015, 17-19

Venue: Lund University External Relations building,  
basement hall, Stora Algatan 4, Lund

## All are welcome!
